We are Kitchen & Bath Aficionados focused on collaborating with the trades top professionals.

We offer an eclectic ensemble of products and services relevant to today's build trends, with an emphasis on kitchens, bathrooms, and surfaces.

Wood Veneer

These prefinished panels are made up of a top layer of veneer, an 18 mm (11/16") MDF core and a balance layer on the back for stability.

This range of wood veneered panels does not need any further finishing. There is almost no limit to the ways. It can be used - from kitchens to wardrobes in the home market, and from offices to bars or

Wood Veneer: Smoked Walnut

Textured 01

Matte

This new surface is characterized by increased resistance to scratching, abrasion, moisture, heat, and superb performance and resistance to common cleaning products, compared with similar products on the market.

Matte: Black

High Gloss 01

Our high gloss panels are an advanced product that undergoes complex industrial processes which result in a decorative panel with a high gloss finish on one face, and leaves the other face covered with decorative paper in the same design.

These panels have an excellent physical-mechanical response compared to other high gloss panels. It's scratch-resistant, has impeccable surface quality, is extremely vibrant, and has light stability towards colors. These characteristics make it well suited for vertical applications in kitchen, bathroom, closets, office, and home furniture. The manufacturing process allows solid colors, wood, marble, stone, fantasy, and many more. A quality that makes this a highly versatile and beautiful product.
